Why CCSS?

CCSS is an established independent college providing day and boarding places for ambitious young people from the UK and internationally. For over 35 years we have been helping students progress to the very best universities.

Progression to the very best universities

At CCSS we have an impressive track record with students going on to study at some of the best universities in the country. Top destinations that students from CCSS have gone on to study at include University of Cambridge, University of Oxford, Imperial College London and University of Warwick. Our students have also gone on to study a variety of subjects from international business law to medicine.

Small class sizes (6-8 students)

The small group teaching environment allows for greater engagement with the teachers, each student is given individual attention and can develop at their own pace. Our results show that students benefit greatly from our small class sizes, the teachers are able to bring all students into group discussions and conversations allowing the students to gain confidence and progress to their full potential. This support means that the overwhelming majority of CCSS students choose to successfully continue their learning at universities in the UK and abroad.
